Professional Master in Economics and Development Studies (PMEDS) (Evening Program)

DEPARTMENT OF ECONOMICS JAGANNATH UNIVERSITY, DHAKA

Department of Economics, Jagannath University is going to offer the **PMEDS (Professional Master in Economics and Development Studies)** evening program to provide the prospective students and professionals an enabling environment to learn the challenging and innovative techniques in the field of development studies. In an era of rapid globalization, the program is designed to focus issues pertinent to the Developing Countries in general and Bangladesh in particular. Highly experienced and renowned faculty members are committed to provide and share their theoretical and practical knowledge regarding various emerging issues on development front.

1. Title of the Program and Name of the Degree

This program is known as the “**PMEDS (Evening)**” program and students after completing all the requirements of the program will get Professional Master in Economics (**PME**) and Professional Master in Development Studies (**PMDS**) Evening Degree from the Department of Economics which is under the Faculty of Social Sciences of Jagannath University.

2. Objectives of the Program

The **Professional Master in Economics and Development Studies (PMEDS)** are designed to provide advanced level techniques to the fresh graduates and the mid level career professionals who are either attempt to acquaint with new techniques or update their skills. The programs aim to train young professionals willing to pursue a career in international or national organizations (both Government and non-government) or in the academic world. The programs emphasize development of research skills that are essential, not only for further academic research but also in practical development works at community, regional and national levels. The program will enable the students to:

- Understand the theoretical background to the major debates in development studies at the beginning of 21st century;
- Deepen the capacity to undertake advance level analysis of the major current issues and debates in contemporary world development and development studies;
- Contribute to practical policy formulation and implementation;
- Motivate the students to the applications of development studies in any area of practical concern
- Develop comprehensive understanding of the development economics and environment and also enable them to equip themselves with modern knowledge in business and technology;
- Shift career interests and also meet the growing demand of local organizations, entrepreneurs and other professional program.

3. Admission Requirements

The PMEDS (Evening) program shall be a one (1) year program consisting of two (2) semesters. Students with Economics or related subjects background (minimum Honors in Economics, Statistics, Mathematics and Business) are eligible for the Professional Master in Economics degree. While students with academic background (minimum Honors or Masters with 3 years graduate) in any discipline are eligible for the Professional Master in Development Studies degree. The Applicants with at least CGPA 2.50 on 4 either at Graduate or Master's level and with minimum 7 points at all levels can apply for appearing at the admission test to be held twice a year. Candidates seeking admission have to apply in prescribed forms within deadline announced by the Admission Committee. The PMEDS (Evening) Admission Committee will decide the admission test schedule and admission criteria.
